Member FDIC

Introducing a new way to help you get both feet on firm financial ground

Ask Listen Solve. It's our customer promise. It means that we care enough to ask about your life and your financial goals. We listen to your answers so that we can make sure we're meeting your needs. And you can count on us to solve problems when they come up.

You're busy, so we make it as easy as possible to bank with us. Your card offers a variety of complimentary benefits that we want you to know about. And with everything going on, we want to make sure that when the unexpected happens, you know what to do.

That's why in the past, we've sent materials to make your life easier. We have provided information about online shopping, auto rental insurance, even the easiest way to make credit card payments. If you missed any of our previous mailings, simply visit commercebank.com/creditwise. You've told us you appreciate it, so from now on look for helpful information each and every month.

What to look for in the months ahead:

Welcome to your new home
How to handle address changes

Have you seen my purse?
What to do if you lose your card

Just starting out
Building and maintaining good credit

Putting the pieces back together
Steps to rebuilding your credit

Time to pay bills again
Alternate ways to make monthly payments

I didn't buy that!
How to protect yourself against identity theft
